

Child Collection Policy

All children should only be collected by one of the named people on their enrolment forms.

All parents are asked to inform Holy Trinity After School Staff of any changes made to the collection schedule for their children. These amendments include changes made to time of collection or any changes made to decisions on who will collect their child. Such information will be noted by the After school staff and will help to ensure the safety and security of each child at all times.

Children should never be collected by anyone under the age of 18.
